Partnerships

Partnership with Emirates Gas, 14 June 2022, Dubai, United Arab Emirates.

We, Gas Integrated Solutions (GIS) Dubai achieved a landmark agreement by signing a partnership with Emirates Gas, a subsidiary of ENOC Group to enhance safety and security standards in the use and distribution of liquefied petroleum gas (LPG) and its derivatives for consumers in the Emirate of Dubai.

Emirates Gas is a pioneer in providing an uninterrupted supply of LPG in the UAE. Over the years, Emirates Gas has continuously worked closely with local authorities to formulate and implement policies, and maintain world-class Health, Safety and Environment (HSE) standards and best practices to serve the industrial, commercial, and residential developments that benefit local communities in Dubai and the UAE.

The agreement is focusing on ensuring highest safety and maintenance standards as well as seamless sustainable supply of gas to communities by providing a comprehensive portfolio of integrated smart and innovative solutions for consumers in the residential sector. Emirates Gas will work with GIS to support local authority requirements, and to ensure that technical and safety standards are implemented in the communities. GIS will provide customers across its locations with digital billing and gas management services. Through this partnership, many communities across Dubai is getting benefit from the services provided.

Partnership with EMARAT, 25 August 2020, Dubai, United Arab Emirates.

We, Gas Integrated Solutions (GIS) Dubai achieved a landmark agreement by signing a partnership with Emarat, the pioneering petroleum company, to become (an exclusive cylinder distributor for GIS Residential and commercial portfolio) the exclusive gas supplier to residential, commercial and Industrial portfolio.

The new partnership will allow GIS's customers in Dubai to be supplied by Emarat directly via a fully integrated and automated online portal and application, a quick and convenient process available 24 hours a day and 7 days a week. In adherence with strict public health and safety measures, customers will be also able to use contactless card machine payments on delivery of their gas cylinders.

Committed to upholding industry standards, the agreement will see Emarat provide its partners with a safe and reliable gas delivery solution. With no risk of tampering to the LPG cylinders or their seals, the partnership ensures GIS customers receive crucial reassurance, as well as excellent customer service
